

Quality Paint Solutions for Homes, Businesses and Industries

When it comes to choosing reliable paint products for residential, commercial, automotive and industrial applications, customers need a paint manufacturer that offers a wide range of products, professional solutions and convenient access to stores. Nippon Paint Pakistan provides paint and coating solutions for different requirements across Pakistan, with products and services covering interior, exterior, surface preparation, wood and metal, special surfaces and other applications.

For customers searching online for a **Karachi paint house**, **paint manufacturers near me**, or information about the **paint industry in Pakistan**, Nippon Paint Pakistan provides an established network of products, dealers and locations.

Karachi Paint House – Finding the Right Paint Solution

Karachi is one of Pakistan's largest commercial and industrial centres, making high-quality paints important for homes, offices, commercial buildings, factories and other properties. Nippon Paint Pakistan has a dedicated Karachi presence, with its Sindh office listed at Z-2/A, Mangopir Road, SITE, Karachi. Customers can contact the company through its customer care number, 111-NIPPON (647766).

For people looking for a **Karachi paint house**, the official Nippon Paint website can be used to explore available products, colours, services and store locations.

Paint Manufacturers Near Me – Store Locator

Finding a nearby paint dealer can make purchasing easier, particularly when customers need to compare colours, product categories or quantities. Nippon Paint Pakistan provides an online store locator that allows users to search for stores and find locations across Pakistan.

The company's distribution network extends across different regions of Pakistan. Its website states that Nippon Paint Pakistan has more than 833 outlets nationwide, providing customers with access to its products in different areas.

If you are searching for **paint manufacturers near me**, you can use the official store locator rather than relying only on general search results.

Nippon Paint Services

Nippon Paint Pakistan offers several online tools and customer services designed to make the paint-selection process easier.

1. Paint Consultation

Customers can submit a paint consultation request through the company's website. The consultation form allows users to provide their name, contact information, city, enquiry type, subject and message.

This can be useful for customers who are unsure about which paint solution or product category is suitable for their project.

2. Paint Estimator

The Nippon Paint website also provides a **Paint Estimator**. Users can select a product, enter wall measurements and provide information about doors, windows and ceilings. The tool then calculates the estimated amount of paint required for the specified area.

This service can help customers plan their paint requirements before purchasing materials.

3. Colour Selection

Colour is an important part of any painting project. Nippon Paint Pakistan provides colour-related resources, including colour trends and a paint visualizer, allowing customers to explore colour possibilities before making a final decision.

4. Store Locator

The official store locator helps customers locate Nippon Paint stores across Pakistan. Users can enter their location and search for nearby stores.

5. Colour Card Request

Nippon Paint also provides a colour card request form where customers can submit their contact and address information to request colour information.

Interior Paint Products

For interior walls, Nippon Paint Pakistan offers several water-based and interior emulsion products. The current product range includes Nippon Easywash, Nippon Spot-Less Matt Emulsion, Nippon Odour~Less AirCare, Nippon Perfect Emulsion, Nippon Matex Gold Emulsion, Nippon Super Matex Emulsion, Nippon Easy Coat Emulsion and other interior products.

These options give homeowners and property owners different choices depending on their desired finish and project requirements.

Exterior Paint Solutions

Exterior walls require coatings designed for outdoor conditions. Nippon Paint Pakistan's exterior range includes products such as Nippon Weatherbond, Nippon Weatherbond Advance, Nippon Quality Exterior Emulsion and Nippon Tilelac Textured.

Customers can explore the available exterior products through the official product catalogue before selecting a solution for their project.

Primers, Sealers and Surface Preparation

Proper surface preparation is an important stage of a professional painting project. Nippon Paint Pakistan offers primers, sealers and putty products, including Nippon 5500 Primer, Nippon Q Seal Primer, Nippon Quality Primer, Nippon Vinilex 5200 Wall Sealer, Nippon Red Oxide Primer, Nippon Hi-Bond Wall Primer and other surface-preparation products.

Using an appropriate preparation system can help create a suitable surface for the subsequent coating system.

Wood and Metal Paint Solutions

Paint requirements are not limited to walls. Nippon Paint Pakistan also offers products for wood and metal applications. Its top-coat range includes Nippon Hydrogloss Enamel, Nippon Platone High Gloss Enamel, Nippon 9000 Gloss Finish Enamel and Nippon Q-Lac Gloss Enamel.

Professional and Industrial Coatings

The paint industry in Pakistan serves many sectors beyond residential construction. Nippon Paint Pakistan lists business segments including architectural coatings for homes, professional architectural solutions, automotive coatings, industrial coatings, marine coatings and beyond-coating solutions.

Its industrial coating solutions are designed for different industries and applications, while its automotive coating segment focuses on solutions for vehicle manufacturers and auto-refinishers. Marine coatings are focused on areas such as corrosion protection, durability and antifouling performance.

Paint Industry in Pakistan

The **paint industry in Pakistan** supports residential construction, commercial development, infrastructure, automotive applications, manufacturing and other sectors. As construction and property maintenance continue to require different coating systems, customers increasingly need access to products suited to specific surfaces and environments.

Nippon Paint Pakistan entered the Pakistani market in 2007 and established a manufacturing facility in District Kasur. According to the company's official information, its distribution network reaches areas from Karachi and Gwadar to Mingora and other regions, with more than 833 outlets nationwide.

Paint Manufacturers Near Me in Lahore

Lahore is another major market for paints and coatings in Pakistan. Nippon Paint Pakistan's head office is located in DHA Lahore Cantt, while its manufacturing facility is listed at 39-Km Ferozepur Road, Lilyani (Mustafabad), Kasur.

Customers looking for **paint manufacturers near me** in Lahore can explore Nippon Paint's product catalogue and store locator to identify suitable products and nearby outlets.

How to Choose the Right Paint

Before purchasing paint, customers should consider several factors:

- The surface being painted
- Interior or exterior application
- Existing surface condition
- Required finish
- Expected durability
- Colour and appearance
- Environmental exposure
- Quantity required
- Primer or surface preparation requirements

For larger projects, professional consultation and accurate measurement can help determine the appropriate product system and quantity.

Contact Nippon Paint Pakistan

Customers can contact Nippon Paint Pakistan through its official channels. The company's head office is located at 100-G, Phase 1, DHA, Lahore Cantt. The official customer care number is **111-NIPPON (647766)** and the company lists **info@nipponpaint.com.pk** as its email address.

Official Social Media

For the latest updates, campaigns, colour inspiration and company information, customers should use the social media links provided through the official Nippon Paint Pakistan website. The official website currently displays a Facebook link in its site navigation.

Because social-media usernames and profile URLs can change, the safest approach for a PDF is to link readers to the official website and access the currently listed social profile from there.

Conclusion

Whether you are searching for a **Karachi paint house**, looking for **paint manufacturers near me**, comparing products for a home renovation, or researching the **paint industry in Pakistan**, Nippon Paint Pakistan provides a broad range of paint and coating solutions.

Its product portfolio includes interior and exterior paints, primers, sealers, putties, wood and metal coatings and specialized coating solutions. The company also provides useful services such as paint consultation, a paint estimator, colour resources, colour card requests and a nationwide store locator.

For the most current product information, store availability, colour options and contact details, customers should refer to the official Nippon Paint Pakistan website.
